STEAM support

Science · Technology · Engineering · Art · Maths

The purpose of STEAM education-Science, Technology, Engineering, Art and Mathematics-is to provide students with the necessary skills, knowledge and experience in order to cope with the technological challenges of the future. Modern pedagogical theories suggest that the study of engineering should be incorporated in all other subjects, starting from elementary level STEAM series, offers a practical solution for facing all these educational issues, aiding the teacher to engage students in STEAM disciplines in a fun, exciting and interesting way!

Doubleagle Industry (China) Limited

Doubleagle Industry(China) Limited was established in 1988 and we are at the forefront of toy manufacturing, specializing in a full-service approach from R&D to sales. Our ethos, "Integrity, Innovation, and Win-Win Spirit" is the core value of our operations, fueling our quest to provide cutting-edge, educational toys.

Our skilled team, exceeding 60 professionals and augmented by more than 20 international designers, collaborates to turn concepts into tangible delights, supported by licensing from renowned automotive brands such as Mercedes-Benz, Mazda, Levc, Claas, Humvee, Arctic Cat, Suzuki, Citroen, Jeep, Land Rover, Volvo, Freightliner, Ford, Mack, and JCB.

We always attach importance to toy safety. Our products have achieved certifications of EN71, FCC, ASTM, CPSIC, ROHS, RED, SCCP, and others, assuring compliance with stringent international safety standards.

Our extensive global reach spans over 60 countries and populates more than 30,000 stores, fortified by robust partnerships with market leaders such as Sam's Club, Walmart, Costco, Carrefour, Falabella, Lidl, Aldi, Top Toy, and more. Double E's unwavering commitment to quality and safety has earned us a formidable brand appeal and a trusted reputation in the global toy industry.
